## CQG: Everything Your Traders Need

Quality, Innovation, and Superior Service

### Consolidated Market Data

CQG delivers a high-speed consolidated market data feed covering multiple asset classes. Dedicated teams in five locations across the globe actively maintain real-time and historical data quality. We handle ever-increasing market data volumes, so you don't have to.

### Decision-Making Tools

Powerful, flexible, and easy to use, CQG charts and studies combine with the best real-time and historical market data in the business to provide traders with critical insight into market activity.

### Server-Side Tools

Spread orders, orders into aggregated markets, and smart orders are managed on CQG servers co-located with exchange-matching engines.

### Electronic Trade Routing

Today's traders need reliable, high-speed access to electronic markets. The CQG Hosted Exchange Gateways provide our customers with low-latency connections to major cash and futures exchanges.

### Risk Management

CQG's risk management module enables FCMs to perform pre-trade and post-trade risk evaluation using CQG's industry-leading proprietary margining system.

### Enterprise Data Solutions

CQG software combines the world's most sophisticated analysis tools with our high-performance market data feed to enable your decision making and execution.
